

September 26, 2024 – For Immediate Release

**Town of Wolseley now a Partner
with LLL Community Partnership Program**

With this week being National Rail Safety Week, the Town of Wolseley is excited to share that we are now a partner of the *Look. Listen Live. Community Safety Partnership Program*.

This partnership is joint with Canadian Pacific Kansas City Railway and Operation Lifesaver. This partnership will include the promotion of rail safety all year long. Canadian Pacific Kansas City Railway and Operation Lifesaver will be providing the Town of Wolseley with road/sidewalk decals and high-visibility road signs at both rail crossings in our community.

This morning, September 26, 2024, Mayor Hill, Councillor Taylor, Councillor Quintyn, Councillor MacDonald and Councillor Campbell joined Peter Dobrowolski, with Operation Lifesaver, and Cst. Bidulka, with Canadian Pacific Kansas City Police, to unveil the signs and road/sidewalk decals that will be installed in our community in the coming weeks.
